Our Purpose

SWACOFF Inter-trade (U) Ltd exists to serve the needs of the National, Regional and Global markets through the development of innovative, efficient quality products and services in all areas of Manufacturing, Production and applications. We consolidate the best minds in Production and Manufacturing to provide excellent services to our clientele.

SWACOFF Inter-trade (U) Ltd sole purpose is to establish a profitable and well-managed company by providing high quality products, reasonably priced work unit solutions. At SWACOFF Inter-trade (U) Ltd we guarantee our success sustained focus on the customer and the customer's needs and delivery of solutions to meet those needs.

History & Philosophy

Over the 15 years of existence the company has taken on number of challenging projects both in civil works and commercial businesses. This has made the company gather experience, skills and know how in project design, building solutions, project management, building trades, energy trades , commercial agriculture and project Financing.

Our execution philosophy is simple: **EXECUTE** and **EXECUTE**. This theme reminds us that we have to execute and achieve project deliverables from start to end.

We continuously remind ourselves that execution is very important all through the project value chain. The critical aspects of our philosophy are:

- Plan Diligently for each project.
- Establish communication channels from project start to Finish.
- Close supervision during project delivery; quality, time and cost being fundamental.

Our vision:

To be at the forefront of a selection of high quality affordable services geared towards uplifting lives of first the Ugandan population and eventually the entire continent of Africa over the next fifteen (15) years by carefully forming efficient working relationships ready to inject resources, expertise, and effectively utilizing both forward and backward linkages to champion infrastructural growth.

Our Mission:

Our Mission is to lead in the Transformation of individual internal strength in various fields into strong multinational links and partnerships ultimately to uplift the standards of living as a way of serving humanity in Africa and the world".

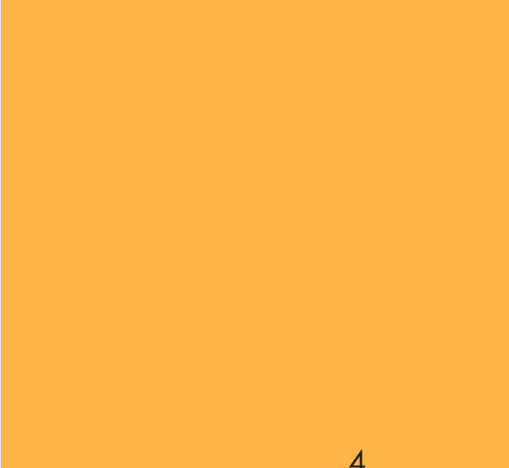

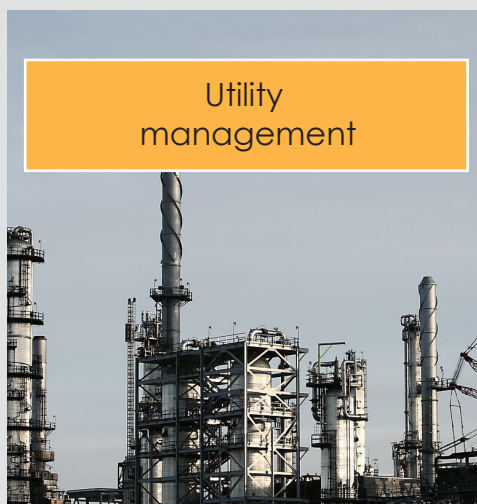

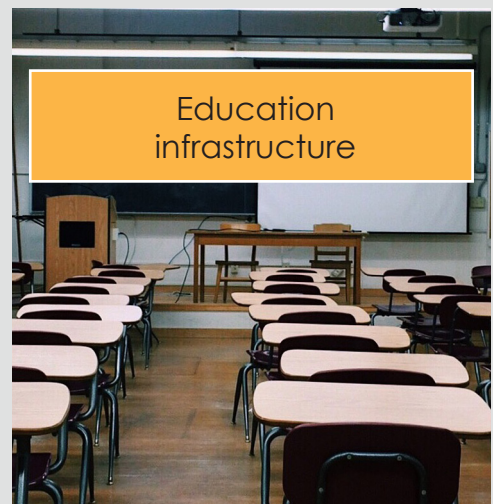

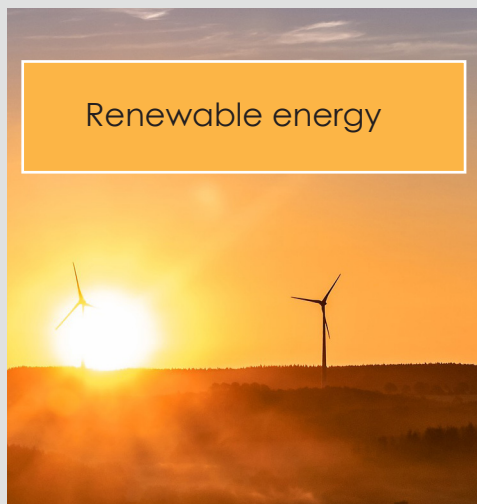

SERVICES

Project Financing

We structure financing for both public and private projects in Africa. The development of African countries is of vested interest to our goals and existence as a financing institution. We are proud of the development that is under way in Africa and we would like to support this great trend. Our project finances are structured in such a way that provides conducive terms for paying pack

Over the past years, we have focused on infrastructure and development projects in;

GRANT FINANCE

Grants are only provided for life changing projects within the public domain. We work with people and institutions with resources and specific interest in the well-being and advancement of human life. Such people and institutions will always be interested in the following key areas of human development.

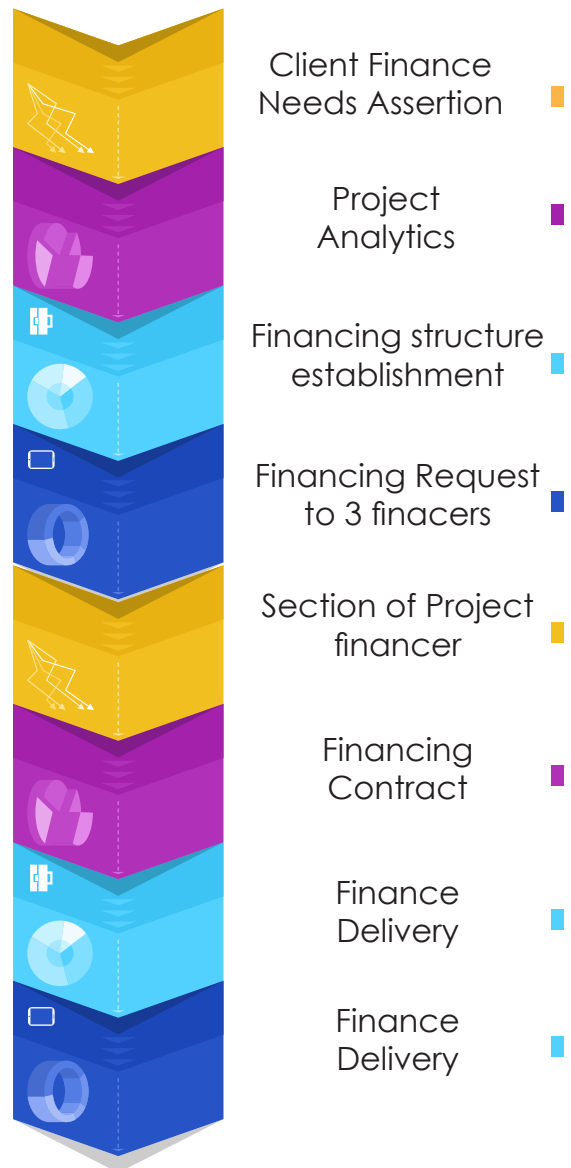

1. Health
2. Education
3. Social development

OUR MODEL

We arrange for financing that provides suitable terms putting into consideration our client's economic condition and potential. Our financing model considers long term settlement and relationship.

We believe that this reduces the pressure during obligation settlement. SWACOFF Intatrade has a pool of institutions and private individuals with a lot of resources that are available for both borrowing and being given grants. SWACOFF Inter trade helps clients tap into these resources hence implementing their projects. Our model is based on Needs basis.

We offer Project Finance under the EPC+F model. We have expert teams at all project development and implementation time. SWACOFF Intra trade will be your implementing partner providing all forms of oversight and expertly.
